Instructions for participants at the 4th Zeldovich meeting

General information

The meeting will be held online from 7 to 11 of September 2020. The website of the conference is: www.icranet.org/zeldovich4. Each day there will be three sessions lasting two hours each. Timing is defined with respect to the Central European Time (CET). Session A will start at 9:30, session B will start at 12:00 and session C will start at 16:00. Each speaker will have allotted time during one of the sessions. At the end of his talk there will be 5 minutes Questions & Answers session where questions from the participants will be asked either by the moderator of the session or by participants themselves. The platform to be used is Gotomeeting.

It is possible to use both web interface here www.gotomeeting.com and the special software available at following the link: https://www.gotomeeting.com/it-it/features/mac-windows-linux.

The meeting will be also streamed on ICRANet YouTube channel: https://www.youtube.com/channel/UCU19scWRGvllKbCN1QXCRQ.

Please keep in mind that questions can be asked only through the Gotomeeting platform.

Instructions

Few rules are essential for smooth running of the meeting:

- Please insert your FULL NAME when connected to the Gotomeeting platform: this will allow the moderator to identify them and to allow them to ask questions to the speakers;
- Please SWITCHED OFF both the microphone and the webcam when connected;
- Please ask you question to the speaker exclusively via the CHAT interface. The questions can be asked during the talk. At the end of the talk, during the 5 minutes of Questions & Answers session the speaker is supposed to answer the questions.

This link for the session will be made available on the webpage of the meeting. The slides of the talks will be available at the end of the session.

Technical issues

- The browser should be updated in order to use the web interface.
- Mac computers requires the Gotomeeting software to be restarted (to quit and enter again) at the first use.
- Linux operating system requires Chrome browser for Gotomeeting to work properly.
- Sharing the screen instead of application is a preferred option.
- In the Gotomeeting software F11 key should be used to set full screen.
- It is possible run Gotomeeting on a smartphone.
